

THE NAVAL BATTERIES ARE NOW SILENCED

Port Arthur's Speedy Fall Said to be Surely Inevitable.

Russians Reported to Have Lost 1,500 and Japan as Many as 10,000 Soldiers.

GEN. SAKHAROFF REPORTS NO CHANGE

Rome, Aug. 8.—A Tien Tsin dispatch says that the Japanese after a prolonged bombardment have silenced the naval batteries at Port Arthur, and the speedy fall of the port is inevitable.

NO CHANGE IN ARMIES.

St. Petersburg, Aug. 8.—General Sakharoff reports that to noon Sunday there was no change in the position of the Manchurian armies. The report serves as a denial of the current report that the Japanese in the past few days lost heavily about Liao Yang and Hai Cheng.

1,600 RUSSIANS KILLED.

St. Petersburg, Aug. 8.—Lieutenant General Stoessel, commanding the Russian military forces at Port Arthur, in an undated dispatch to the emperor, says:

"I am happy to report that the troops repulsed all the Japanese attacks of July 26, 27 and 28, with enormous losses."

"The garrison's enthusiasm was extraordinary."

"The fleet assisted in the defense by bombarding the Japanese flank."

"Our losses during the three days were about 1,600 men and forty officers killed or wounded."

"According to statements of Chinese and prisoners the Japanese lost as many as 10,000."

"Their losses were so great that the enemy has not had time to remove the dead and wounded."

ATTACK PLANNED.

Liao Yang, Aug. 8.—The Japanese are advancing on Mukden and it is probable that a simultaneous attack will be made on Mukden and Liao Yang, in which case a decisive battle is assured.

HEAVY ATTACK YESTERDAY.

Berlin, Aug. 8.—A Liao Yang dispatch to the Tagblatt says that there was a heavy attack on Russians north of Hai Cheng yesterday. Many wounded Russians were brought here. The rumor is current that General Kuroki is threatening Mukden from the northeast. General Alexieff and Kuropatkin conferred here yesterday.

THE KNIGHT COMMANDER CASE

Vladivostok, August 8.—The evidence on which the British steamer Knight Commander, sunk by the Vladivostok squadron, was condemned by the Prize court was contained in a letter copying book taken from a press in the captain's cabin by Midshipman Baron Ert, after the officers and crew had left the vessel. This book was not delivered when the captain surrendered the other documents and it proved conclusively to the Russians that the cargo of railroad material carried by the Knight Commander was destined for Chemulpo and not for private firms in Japan.

Before the prize court the captain was not compelled to take an oath, the president of the court saying that he would accept his word of honor as a gentleman and a subject of a friendly power.

The captain testified that neither he nor the owners of the Knight Commander knew that the cargo was contraband of war and that they believed it was not destined to be used as war material.

He was then confronted with his own letter book and was dazed for a moment. He then exclaimed: "Heavens, I thought that book was at the bottom of the sea." The Knight Commander was promptly condemned.

KING IN DANGER

EFFORT MADE, IT IS BELIEVED, TO BLOW UP SPAIN'S RULER.

San Sebastian, Aug. 8.—King Alfonso's journey to the exhibition at Victoria has been deferred owing to the discovery of three dynamite cartridges in the royal train. Experts say the train's motion would have exploded the cartridges and blown everything to atoms. The police are investigating.

BADLY CRUSHED

G. W. HAYS KILLED BETWEEN FREIGHT CARS.

Bowling Green, Aug. 8.—George W. Hays was instantly killed at Sandusky this morning while attempting to cross in front of a train on the siding, being frightfully crushed between the drawheads. He leaves a wife and three children.

FOUGHT DUEL

PROMINENT LUMBERMAN KILLED NEAR SOMERSET, KY.

Somerset, Ky., Aug. 8.—In a desperate duel at Williams Siding, this county, Jesse Williams was shot to death by Green Flynn. Williams was a leading lumberman and Flynn is also prominent. Eight shots were fired into his head.

An attempt was made on the life of the president of Uruguay, but he and his family who were driving with him, escaped injury from the torpedo.

THE RUSHING TORRENT ENGULFS A HUNDRED

Cloudburst in Colorado Wrecked a Train With Frightful Loss.

An Engine and Four Cars Went to the Bottom of the River---Not a Soul Saved.

MANY BODIES HAVE BEEN RECOVERED

Pinon, Colo., August 8.—A disastrous wreck was caused by a cloudburst sweeping away a bridge, and the lives lost are estimated at 100.

Three coaches and a baggage car followed the engine into a roaring torrent twenty feet deep.

Three Pullmans remained on the track. Cries for help were heard by an operator at Eden, a mile away, and when he arrived there was no sign of the wrecked cars nor were the victims visible in the stream.

Two trains loaded with police, doctors and coffins were sent from Pueblo and one from Denver. The bodies of three women were found a mile below the wreck and other victims strewn the banks.

A chair car is at the river bottom a mile from the bridge and is gorged with sand and the bodies of the victims. The Wells Fargo safe was found near the wreck with the door open and the contents gone.

Many of the victims were swept away and will never be recovered.

The train was a Rio Grande passenger No. 11, due to reach Pueblo at 8:15 p.m. It went through a bridge at 7:50 o'clock last night.

A call for volunteers was made on Pueblo, and every available man was sent to the scene.

Ghosts began robbing the dead before daylight. Orders were given the guards to shoot them on sight. The wrecked cars were carried four miles by the current.

DEATH RELIEVES LONG SUFFERING

Mrs. A. M. Laevison Died Last Night of Heart Trouble.

Had Been Ill for Six Months and the End Was Not Unexpected.

FUNERAL TOMORROW MORNING

Mrs. Sophia Friedberger Laevison, wife of the late A. M. Laevison, died last night at 9:40 o'clock, at her home at Sixth and Washington streets, after a long illness from heart trouble. Mrs. Laevison has been ill from six months and confined to her bed much of the time. Her condition has been regarded as serious from the first, and the news of her death will not be a surprise.

She was born Laupheim, Wurtemberg, Germany and was 60 years of age last May. She came to America when about 20 years of age and was married in 1868 in New York City, to Mr. Herman Friedman. They came to Paducah to reside. Mr. Friedman survived only about two years and at his death, his widow returned to New York to live.

In 1874 she was married in Ogdensburg, N. Y., to Mr. Laevison and again came to Paducah to live. Mr. Laevison, of the firm of A. M. Laevison & Co., dealer in bottled goods, died several years ago.

Mrs. Laevison left three children, two by her first marriage, Mrs. Will I. Levy and Mr. Herman Friedman, both of this city, and one by her last marriage, Mr. Joe Laevison, also of Paducah.

Mrs. Laevison was a kind and generous woman and was much beloved by all who knew her.

The funeral will take place tomorrow morning at 9 o'clock, from the residence and the burial will be at the Jewish cemetery. The service will be conducted by Rev. William Fluesscr, of Davenport, Ia.

GILLIGAN VISITING HERE.

"Red" Gilligan and Pitcher Ferrell, of the Hopkinsville team, are in the city, having two days off. "Gilligan" came back to see how the town looked and witnessed the colored game this morning. Red is doing well in Hopkinsville and is hitting better than when with the Indians.

FIRST VICTIM

MAYFIELD NEGRO HAS TO GO AND SPOIL HIS HOLIDAY.

Jim Jackson, colored, was arrested this morning by Officers Terrell and McOnne who had to climb him before he would go to the city hall.

Jackson hails from Mayfield, and after creating much excitement in the vicinity of Eleventh and Broadway, was taken into custody.

Just as the authorities expected, he had a gun. Jackson was too drunk when he got to the hall to offer much more resistance, and was taken under the clock to sober up. He is the same darkey who swore that Alabama Kid stole over \$100 from him, but the evidence showed Jackson was too drunk to know what became of his money.

NO GAME WARDEN

JUDGE LIGHTFOOT WILL PROBABLY NOT APPOINT ANOTHER.

County Judge R. T. Lightfoot stated this morning that he did not think he would appoint a game warden to succeed Mr. Fred Hoyer, who lately resigned that office.

There are two game wardens appointed annually and it is their duty to look after the game and see it is not killed out of season. One of the fines assessed against any hunters found guilty of violating the game laws, the warden get 50 per cent., but so far, not a hunter has been "turned up" and if business ever gets rushing in this line, Judge Lightfoot will appoint a successor to Mr. Hoyer, otherwise not.

An order was received this morning by United States Clerk J. R. Puryear dismissing the suit of O. F. Liehke Herdwood Mill and Lumber Company of St. Louis, against J. W. Trnk, of Bardwell, by Judge Walter Evans.

The suit was for alleged breach of contract on the part of Mr. Trnk to deliver some timber lands he had sold to the plaintiffs. The land is located in Ballard county, and is valued at about \$4,000. The case has been pending for some time.

OUR NEW STORY

Moran of the Lady Letty

BY FRANK NORRIS

Author of "The Pit," "The Octopus," etc.

This is a sea tale, one of romance and adventure. In it you smell the salt air, feel the salt breezes and hear the mysterious voices of the ocean calling you.

In the author's graphic word painting you forget your surroundings and see it all from the deck of the schooner. For example:

"The Bertha Millner fretted and danced and shook her sails, calling impatiently for the wind."

"The cordage sang like harp strings. The schooner's forefoot crashed down into the heaving water with a hissing like that of steam."

"Not once did the Bertha Millner falter in her race. Like an unbridled horse, all restraint shaken off, she ran free toward the ocean as to her pasture land."

"The schooner swept by, shot like an arrow through the swirling currents of the Golden Gate and dipped and bowed and courted to the Pacific that reached toward her his myriad curling fingers."

And Moran, daughter of the vikings, the strangest woman you ever met in fiction—a tenth century character reincarnated.

THE EIGHTEEN INNING GAME.

The Vincennes' Commercial says of the eighteen inning game played there:

Paducah's second game at League Park, Friday, was one of the greatest pitcher's battles ever seen on these grounds. The game was an eighteen inning affair and lasted three hours and fifteen minutes. When the last man was out on the Vincennes side both pitchers were about gone and even the fans in the grandstand were weak from "rooting." The fans certainly got their money's worth even if they did get a late supper.

Clayton was in the box for the Reds and Freeman for the visitors. These pitchers proved themselves to be as lasting as any that ever pitched ball. Everybody was in the game from the start.

Although there were hits plenty there were none at the right time and for ten innings not a score was made. In the eighteenth inning when every one's nerves were strained to their limit, Land found the ball for a safety in center, Taylor hunted in front of the plate and ran in front of Wilkinson, preventing him from getting Lemon's throw. Girard fanned and Harley hit safe to right field, bringing Land home. Freeman hit to short and went to first on O'Leary's error, but died when Dugan placed one in Hugg's hands.

The boys in Red tried nobly to tie or overcome their bad luck of the first half, but were held down without scoring in this inning.

Two base hits, Clayton 2, Lemon, Piepho and Pettit; three base hits, Lemon; bases on balls, off Freeman 6; hit by pitched ball, Smeltz, Gwin and Piepho; double plays, O'Leary, Gwin and Wilkinson; time of game 3:15. Umpire—Zinkins.

AMATEUR GAMES.

Yesterday was the first Sunday in many weeks the league team did not play here or near enough to run an excursion to enable the fans to witness the sport, but Paducah fans saw enough of the national game to satisfy them for the time, although the quality of ball was not up to the standard except possibly in the colored games.

REDS DEFEAT STERLING.

Saturday afternoon the "Paducah Reds" defeated the "Sterlings" at the railroad shops grounds by a score of 32 to 6, and the Nashville colored team defeated the Paducah colored team by a score of 3 to 2.

SILVER DOLLARS VICTORIOUS.

Sunday morning the Silver Dollar team, owned by Kenney Murray, defeated the Redman Union by a score of 10 to 3. The game was well played and the ending of the series between the Union Dollar and L. A. L. team will decide the local amateur championship.

MAYFIELD'S POOR TEAM.

Following the colored game, the L. A. L. and Mayfield teams played, the game going to the locals in a walk. This was by far the most uninteresting game seen on the diamond in many weeks. The locals had no trouble in scoring when they wanted to, the visitors seeming to be more than ordinarily "green" in the sport. Short pitched for the L. A. L. team and Perry for the Mayfield boys. Perry was touched up lively but received very bad support. The score at the close of the game stood 11 to 0, a complete shut out, and a deserved one, too.

With the defeat of the Mayfield team, the L. A. L. boys break even with the youths from Graves county and when the third game is played, will decide the stronger team.

THE COLORED GAMES.

Sunday afternoon the park was first used by the colored teams, the game being called at 1:30 o'clock, and resulting in the defeat of the Nashville team by a score of 8 to 3. Ben Boyd's team played all over the diamond and did some sensational work. Saturday's game was won by a score of 3 to 2 in favor of Nashville.

BASEBALL NOTES.

The Kitty is a good name. You can't kill it. Alice is in the cellar falling through the coal hole yesterday from which Paducah removed the cover. Dr. W. Irving Thompson, president of the league, was in the city yesterday in conference with the secretary. He left last evening for Dawson Springs, but will return this morning and stay over until Monday. It doesn't look like the Kitty League is anywhere near dissolution when it is playing such great ball as was witnessed Friday at Vincennes and yesterday at Henderson. Eighteen at the former place with the score 3 to 2 and a 1 to 0 game at Henderson. Hurrah for the Kitty and may the croakers and its enemies be confounded. The farther along the season goes the finer and snappier the article of ball will be seen. Large crowds ought to attend all games from now on to the end of the season, September 14. — Cairo Bulletin.

Violet continues to give satisfaction as an umpire. Vincennes has signed a new man by the name of Bierkoette for second base. He hails from Cincinnati. Willis is one of the best pitchers seen here this season. He is a \$200 man and is said to be the highest priced player in the league. Powers, who was hit by a pitched ball in the seventh inning, is one of the best outfielders in the league. He was given a try-out with Louisville the first of the season and played in several exhibition games. — Henderson Glenner.

EXPECTS THE INSTALLATION.

Attorney Jesse Mose, secretary for the local lodge of Eagles, now under course of organization, is preparing to forward the funds collected to headquarters at Louisville and have a working team sent here to install the lodge. He has collected a great portion of the money for initiations and thinks the amount forwarded will be sufficient to have the lodge installed.

MR. CRAFT'S NEW JOB.

Mr. H. E. Craft, formerly chief dispatcher and later trainmaster here for the Illinois Central, has lately resigned as trainmaster of the Yazoo and Mississippi Valley division, quit railroading altogether, and has entered the real estate business at Memphis.

Thomas E. Watson, the Populist nominee for president, will be officially notified of his nomination at Cooper Union hall in New York August 18.

THE CITY CANNOT COLLECT LICENSE

Owen Brothers Win Their Case
in Police Court.

The City, Years Ago Exempted
Them From Ever Paying
Any License.

OTHER POLICE COURT NEWS

Judge D. L. Sanders this morning in police court rendered an opinion in the case against Captain Jim and Captain Bob Owen, owners and operators of the ferry boat Bettie Owen, in which he adjudged that the city can not collect a license off them for operating the boat.

"I have investigated the case thoroughly," Judge Sanders stated, "and find that years ago the city made a contract with Owen Bros. pertaining to the operation of the boat exempting them from a license as long as they met with every requirement of the contract, and not once have they failed to live up to their agreement. Taking this into consideration, I must observe the contract they hold and adjudge that the city collect no license."

The case attracted considerable attention because it is the first time any attempt had ever been made to collect a tax for running the boat.

The case against Will Corwin, colored, who shot Clint Sneed, colored, because the latter was accused of being too intimate with Corwin's wife, was taken up this morning and left open after the examination of one witness. The case will probably consume some little time on account of the number of witnesses to be introduced, and was saved until some day when the court has little other business to transact.

Engene Moore was fined \$10 and costs for striking Tobe Owen, the ex-officer, with a brick, Owens dismissed. Pete Ross, colored, Sam Robertson, white, John Cone, white, and an unknown white man were fined \$1 and costs each for drunkenness.

Win. Plew and John Bulger, white, were fined \$10 and costs for fighting. John Bethel, white, was fined \$5 and costs for being drunk and disorderly.

George Overstreet was fined \$1 and no costs for fighting.

The petty larceny case against Charles Clark, colored, was continued.

The case against Earl Trotter, colored, for carrying a concealed weapon, was dismissed. He was fined Saturday \$20 and costs for using insulting language.

Since the dispatchers' office was moved to Eleventh and Broadway, there has been a great deal of talk among the railroad men of opening a ticket office in the downstairs portion and making that place a stopping point for the Cairo trains, but Agent Donovan denies that the road has, as far as he knows, contemplated such a move.

REPORT MISHAPS

STRICT RULE IS ENFORCED BY
THE ILLINOIS CENTRAL.

The Illinois Central is strict in regard to its injury reports. Every employee who is hurt or who knows of any accident not reported to headquarters must report same as soon as possible. A fireman was recently suspended indefinitely for failure to report a small accident to himself. Damages are often secured against the road by employees who get hurt and never report it, where if they did report it, they would receive medical attention and a compromise with the claim agent if one is desired.

CRUSHED TO DEATH UNDER A THRESHER

Mr. Fred Crice Killed Near Barlow, Ballard County.

Hand-held on the Throttle Slave Way and He Fell Beneath the Moving Engine.

BROTHER TO MR. TOM CRICE

Attorney Thomas P. Crice of Bloomfield & Crice was this morning called to Barlow, Ballard county thirty miles from Paducah by the death of his brother Mr. Fred P. Crice who was killed by the traction engine to a wheat thresher.

Mr. Crice was on the rear of the engine backing it towards the separator when the lever failed to work, and his hand, as he gave it a jerk, slipped and he fell backward.

The engine was moving under a full head of steam, and before he could get out of the way, he was caught in some way in the machinery and badly hurt, being bent backwards until his back was almost broken. He succumbed to his injuries last night at 8 o'clock and Attorney Crice left at 9:30 o'clock today to attend the funeral. The deceased was 28 years old and leaves a wife and three children. He is well known in Paducah having frequently come here on business.

The funeral will take place some time tomorrow.

PROMINENT MAN

Mr. R. E. Griffith Died at 7:30 A. M. at Mayfield.

Was a Well Known and Wealthy Tobaccoist Out There.

Mr. R. E. Griffith, one of the most prominent and progressive residents of Mayfield, Ky., died at 7:30 o'clock this morning at his home of flux having been ill more than three weeks.

The deceased was 48 years of age, born and reared in Graves county, and from his early youth engaged in the tobacco business. He was senior member of the firm of Griffith & Snerrill, formerly buyers for the Italian government but lately independent buyers, and this season alone had put up more than 3,000,000 pounds of tobacco.

He leaves a widow and six children and an estate worth approximately \$100,000. No funeral arrangements have been made, but the burial will likely take place tomorrow afternoon.

News of the death of Mr. Griffith will be received in Paducah with much regret by the tobaccoists and other people who knew him and several local dealers will likely go out to attend the funeral.

SAND DIGGER

CAUGHT FIRE, BUT WAS DAMAGED VERY LITTLE.

The sand digger boat of the Ohio River Sand Company, caught fire yesterday afternoon about 5:30 o'clock, but little damage was done.

The boat is newly built and caught fire near a hog chain on the far side of the boat. The firemen made a good run and extinguished the blaze before it had gained any headway and the damage will amount to only about \$5, it is thought.

MATTHEWS BOY BETTER.

Walter Matthews, the boy who was thrown from a horse last week and rendered unconscious, is slightly better and partially regained consciousness yesterday when he asked for a glass of milk. It is expected now that he will recover.

INTO DITCH

Accident to Mr. Will Rieke's Automobile in the County.

Young Men From Mayfield Frighten Crowd—One Thrown Ont.

Mr. Will H. Rieke, of the L. H. Ogilvie store, ran his automobile into a ditch yesterday morning at Love-laceville and damaged the machine to the extent of about \$150.

He was in a party composed of his brother, Mr. Willie Rieke, Jr., Mr. John Culver and Sam Foreman, Colonel Ben Weille and others, when the accident occurred, and by the aid of other automobiles the wrecked machine was brought to the city.

Several Mayfield young men caused some little excitement near Fountain avenue on Jefferson street about 5 o'clock as the baseball crowd was being brought in. The young men were very drunk, in fact so much so that they could hardly sit in the buggy, and when they reached Jefferson street and went to turn towards town, their horse jumped forward and one man was spilled. The buggy was carried down Jefferson by the frantic horse which was finally caught, without much damage to the vehicle. As no serious accident was reported, it is supposed they escaped.

Last week the Mayfield men who got drunk here ended their carnival with a free for all fight on the train, two or three of them being hurt, one almost fatally.

PICNIC AT ST. JOHN'S

COMES OFF WEDNESDAY, AUGUST TENTH.

The annual picnic at St. John's Church, in the county, which is looked forward to as one of the greatest events of its kind of the year, will be held Wednesday of this week. There was a picnic out in the neighborhood last week which some thought was the St. John's picnic, but it was not.

A big crowd from Paducah usually attends the picnic and many are contemplating going out Wednesday. The St. John's people set the finest lunch conceivable, and promise an unusually good one this year.

CAN'T REMEMBER

SMALL BOY BADLY HURT IN SOME MANNER.

Reed Campbell, the 7-year-old son of Mrs. Anna Campbell, of 235 South Sixth street, returned home from an errand to the Western Union Telegraph office yesterday afternoon, with his clothes torn and his face bruised and scratched as from some kind of accident. He was unconscious and unable to tell what hurt him.

It is presumed, however, that he was run down by a bicycle, as the nature of his injuries would indicate something of the kind. He soon recovered consciousness and, save for a few bruises, is alright today. He still says he has no remembrance of what happened to him.

Mr. and Mrs. Harry Bills, of Louisville, arrived today to visit Mr. and Mrs. George Bauer.

HOUSE BURNED

NEARLY EVERYTHING LOST BY MRS. L. E. GOODMAN.

Fire practically destroyed the home of Mrs. L. E. Goodman, 827 North Sixth street, about 1 o'clock Sunday morning. It originated in the rear of the house, supposedly from a lamp, and the flames had gotten good headway when the family were aroused. The younger son was almost in the flames when he awoke, and came near being burned to death, but fortunately the family escaped without injury.

Practically nothing was saved except two trunks, not even the clothing. The damage will be about \$500, with partial insurance.

BUNCH TOGETHER

COFFEE HAS A CURIOUS WAY OF FINALLY ATTRACTING SOME ORGAN.

All that come from coffee are encephalitic, that is, unless the coffee is taken away new troubles are continually appearing and the old ones get worse.
"To begin with," says a Kansan, "I was a slave to coffee just as thousands of others today; thought I could not live without drinking strong coffee every morning for breakfast and I had sick headaches that kept me in bed several days every month. Could hardly keep my food on my stomach but would vomit as long as I could throw anything up and when I could get hot coffee to stay on my stomach I thought I was better.
"Well, two years ago this spring I was that sick with rheumatism I could not use my right arm to do any thing, had heart trouble, was nervous. My nerves were all unstrung and my finger nails and tips were blue as if I had a chill all the time and my face and hands yellow as a pumpkin. My doctor said it was heart disease and rheumatism and my neighbors said I had Bright's disease and was going to die.
"Well, I did not know what on earth was the matter and every morning would drag myself out of bed and go to breakfast; not to eat anything but to force down some more coffee. Then in a little while I would be so nervous, my heart would beat like everything.
"Finally one morning I told my husband I believed coffee was the cause of this trouble and that I thought I would try Postum which I had seen advertised. He said 'all right' so we got Postum and although I did not like it at first I got right down to business and made it according to directions, then it was fine and the whole family got to using it and I tell you it has worked wonders for me. Thanks to Postum in place of the poison, coffee, I now enjoy good health, have not been in bed with sick headache for two years although I had it for thirty years before I began Postum and my nerves are now strong and I have no trouble from my heart or from the rheumatism.
"I consider Postum a necessary article of food on my table. My friends who come here and taste my Postum say it is delicious." Name given by Postum Co., Battle Creek, Mich.

A HEAVYWEIGHT

Paducah's New Pitcher Weighs 210 Pounds.

Dugan Will Leave Paducah and Return to His Trade.

There are a good many baseball rumors, but nothing definite.
Paducah has signed a new pitcher, Taylor, from one of the Ohio independent clubs. He weighs 210 pounds and is over six feet tall. He will play left field and pitch.
Dugan, who has been playing left field, is to go back to work in all probability. He is an iron moulder, and according to the local association he was signed with the agreement that he could return to his trade whenever he was needed. His people have written him now that they need him, and he will likely return.

There is now a man here who says he is to take charge of the Paducah team when it returns, but the management denies it, and says it knows nothing about him, or where he came from.

WON TODAY

PADUCAH COLORED TEAM TOOK ANOTHER—THOMAS' SENATIONAL CATCH.

The colored teams of Nashville and Paducah played this morning, the game resulting in a victory for the locals by a score of 6 to 5.

Yesterday afternoon Lonie Thomas, Paducah's short stop, made perhaps the most sensational catch ever seen on the local diamond. The game was close when Thomas grabbed down a "Texas Leaguer," a slow hit infield ball which went midway between the infield and outfield. Thomas was playing in for a bunt and when the ball was hit began sprinting for all he was worth. When he saw the ball slowly descending to front of him, he made a desperate lunge, jumping high into the air, and clutched the ball with his bare left hand. The catch was wonderful and the grand stand duplicated the acts of the Cairo fans by pitching the player money.

Clarksville, Tenn., Aug. 8.—Extensive mining operations are in progress in the vicinity of Gracey, Ky., a few miles north of this city. At a depth of 30 or 40 feet very strong lead ore has been found in large quantities. A strong mining proposition is expected to be revealed.

There are seven main features of heart disease, viz: (1) Weakness or Debility; (2) Rheumatism or Neuralgia; (3) Valvular Disorder; (4) Dilation; (5) Enlargement; (6) Fatty Degeneration; (7) Dropsy.

Documentary evidence will prove thousands of so-called "incurables" have been absolutely cured by Dr. Miles' New Heart Cure.

Patients often have no idea their disease is heart trouble, but ascribe it to indigestion, liver complaint, etc.

Here are some of the symptoms: Shortness of breath after exercise. Smothering Spells. Pain in Chest, left Shoulder and arm. Discomfort in lying on one side. Fainting Spells. Nervous Cough. Swelling of Feet and Ankles. Paleness of Face and Lips. Palpitation. Nightmares. Irregular Pulse.

"I have great faith in Dr. Miles' New Heart Cure, and speak of its merits whenever opportunity presents. I can now go up and down stairs with ease, where three weeks ago I could hardly walk one block." One year later—"I am still in good health. HERBINE

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient in to a good condition in a few days.

G. L. Caldwell, Agt., M. K. and T. R. R., Chocoma, Ind., Ter. writes, April 1, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. DuBois, Kolb & Co.

HOSPITAL SITE AND THE ORDINANCE

Law Gives the City a Right to Use \$25,000 for Building.

The Ordinance Leaves it to the Discretion of the General Council.

AND OTHER MUNICIPAL NEWS

The decision of the Board of Public Works to call for plans for a cheaper city hospital has aroused a great deal of criticism, all of it, as far as can be learned, very unfavorable to the city officials. An investigation develops the fact that the action is entirely unsatisfactory, and that the board of public works has no authority to change the plans or build a cheaper hospital than the general council has already ordered, a \$25,000 structure.

Mayor Yeiser this morning stated to a reporter that the ordinance under which the bonds were voted and issued required the cost of the site to come out of the \$25,000, but his statement proved to be erroneous.

A reporter went upstairs and had City Clerk Henry Bailey find the ordinance, and it gives the general council the right to either purchase the site out of the \$25,000, or not, in its own discretion.

The title of the ordinance is "For the issue of \$25,000 of bonds for the erection of a new market house."

The body of the ordinance stipulates that the money is for establishing a new city hospital "by purchasing and building thereon. OR AS THE GENERAL COUNCIL MAY OTHERWISE ORDER."

This clearly gives the general council the right to say whether the site shall be purchased out of the \$25,000, or the entire amount spent for the building, and the council has decided that it all ought to be spent for the building, as evidenced by its ratification of the plans for a \$25,000 building.

At present the hospital can be sold for about \$3,000, and as the city could easily get the remainder, which is not needed until next year, there is no necessity for reducing the cost of the new hospital and delaying the work perhaps a whole year.

It is probable a protest will be lodged with the general council at its next meeting against the proposed change.

There is no doubt that city officials realize that they have assumed a position in the hospital matter that is unpopular, if not untenable.

One official informed a doctor today that the city intended to use the present city hospital for a workhouse after the new hospital is built, which would prevent the city's selling it and applying the money towards the new hospital.

When asked why the city had to have any money at all this year for the site and why the city couldn't buy the site on time, in fact as it had already decided to do, the official replied that the city "couldn't contract for anything more than a year in advance."

This is erroneous, as the city has already this year secured two fire stations and fully equipped them without a dollar appropriated for the purpose, and in addition is going to pay the salaries of the new firemen from the time the new stations are opened until January 1 without an appropriation, expecting to pay it all out of next year's levy. If they can do it in the fire department cases they can also do it in the hospital case. As the matter now stands, however, the general council has adopted the site and plans, and they cannot be changed now except by the general council rescinding its previous action. It is not believed that it will do this at the request of the board of public works, now that the facts have become known, and it has been made so clear to these officials that the people want the hospital built this year.

It is understood a called meeting of the general council will be held this week to act on the matter.

The board of police and fire commissioners will meet in regular session tonight but nothing of importance is to come up for consideration. The time for appointing firemen for the new station houses is rolling around but the matter will not be taken up tonight. The apparatus will not get here for some time, probably next

week, and it will not be necessary to appoint until the horses are all bought and the apparatus ready for service. One commissioner stated today that his opinion leads him to believe the fire stations would not be in operation before September 1st.

BALLARD COURT

Several Trials of Unusual Interest in Paducah.

Attorney E. W. Bagby, of Paducah, to represent Mr. Jim Flournoy.

The Ballard circuit court began today at Wickliffe, Ky., and a number of cases involving Paducah people are to come up. One is against Engineer Phil Cotbemer for the alleged breaking into an I. O. box car to his train and taking a box of oranges.

Another is against a negro for shooting at Engineer Walter Hinch, of Paducah, for not letting him ride on the pilot of an engine.

Attorney E. W. Bagby, of Paducah, goes down tomorrow to appear for Mr. Jim Flournoy, of Paducah, charged with alleged grand larceny. This case is a very peculiar one and will no doubt be promptly dismissed. It seems that a steer was sold to Mr. E. C. Terrell here by Mr. Flournoy, and a man from Ballard county came here and claimed it. He failed to establish his ownership and even when he took out a writ of delivery could not swear that it was his steer, while Mr. Terrell clearly established his ownership and was awarded the steer. The Ballard county man to get even is then alleged to have had Mr. Flournoy indicted at Wickliffe but Attorney Bagby apprehends no difficulty in having the case dismissed on the commonwealth's evidence.

Theatrical Notes

A large crowd enjoyed the concert given by Prof. Wm. Deal's band at Wallace park yesterday afternoon. The program consisted of several numbers of high class overtures and selections interspersed with the latest marches and selections from operas, numbers from operatic productions and such entertaining songs as are at present catching the fancy of the public.

Deal's band gave a very good concert Saturday night on lower Broadway.

Almost before we know it, the regular theatrical season will begin at the Kentucky, with some of the finest attractions ever seen here.

Manager J. E. English has returned from Henderson, where he left building on his new theater progressing nicely.

The Howard-Dorsett company is in this week in Lexington, Ky., very much the same as in other seasons, except that it has an entirely new repertoire.

TO APPEAR IN CONCERT.

Miss Lillie May Winstead will return home Saturday from Jackson, Tenn., where she has been attending a house party given by Miss Marie Cates, who visited her a few weeks ago. She will be accompanied by Mrs. Samuel Latta, of New York, manager of the school, which Miss Winstead attended the past winter, and who has also been at Miss Cates' house party.

Mrs. Latta was an excellent musician and a recital in which she will take part, in connection with the best local musical talent is being arranged for next Tuesday evening at Wallace park, for the benefit of the handsome new organ, which is soon to be placed in the Broadway Methodist church.

HONEST MEN LEFT.

Colonel Bud Dale says that there are some honest men left, no matter what may be said to the contrary. Saturday night a Paducah man came in and said he owed Colonel Dale \$1 for board at the Old Dale House on North Third street, thirteen years ago. He paid the dollar which Colonel Dale had entirely forgotten. He said he was in hard luck then and couldn't pay, but now is on his feet.

BEE STING CURE

WILL BE TRIED BY A MAYFIELD MAN. IT IS REPORTED.

Will Orr, of Mayfield, formerly a barber, but who has been disabled by rheumatism in his wrist and leg, is to be the first man to Kentucky to try the "bee-sting" cure for rheumatism. Orr, like many others, it seems, read one of the "smoke-ups" in some of the yellow journals about bee stings curing rheumatism, and has decided to let 10 bees sting him, and then to report the success or failure of the experiment. If it is a success we shall probably have "bee-hive resorts" instead of summer resorts of life giving waters, salt bathing and so forth. It is predicted that after about the twentieth sting Orr will decide he is sufficiently cured to make tracks for home.

LINEMEN LEAVE

POSTAL GANG SHIFTS FROM MAYFIELD TO CHERBS.

The Postal Telegraph company is spending a great deal of money in this section improving its lines and service. It has had thirty men at Mayfield for several days, and these have now completed their work there and proceeded to Cherbs. Many crews are working between Paducah and Memphis. About forty poles to the mile have to be planted, and the company has over 1000 between Mayfield and Paducah.

WANTS HIS TRIP.

Colonel Bud Dale, proprietor of the New Richmond, today received a letter from Orlando Marvin, who left about ten days ago without paying his board and forgot to get his baggage. Marvin wanted his baggage shipped O. O. D. for the amount of the board bill, but will be told to deposit the money with the express company.

BAR SOLD.

Mr. Robert Moebeli has decided to devote his entire time to the Palmer House bar, and has sold the bar at the New Century hotel, Dawson, to Messrs. Hoover and Osh, of that place.

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

MRS. JOHN SMEDLEY, 806 S. Third St.

This is to certify that I believe the Shoffner's Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up alone. After using five bottles I was fully restored to health. I cannot say enough in favor of this wonderful remedy for indigestion.

The Blazed Trail

By STEWART EDWARD WHITE

Copyright, 1903, by Stewart Edward White

Thorpe arose obediently, walked to lower it and without addressing threw himself on the bed. Afterward the porter in conscientious discharge of his duty looked diligently beneath the seat for boots to polish. Happening to glance up after fruitless search he discovered the boots still adorning the feet of their owner.

"Well, for the land's sake!" ejaculated the scandalized negro, beating a hasty retreat.

Thorpe descended at Twelfth street in Chicago without any clear notion of where he was going. For a moment he faced the long, parklike expanse of the lake front, then turned sharp to his left and picked his way south up the interminable reaches of Michigan avenue. Block after block he clicked along, the creak of his boots striking fire from the pavement.

After an interval he seemed to have left the smoke and dirt behind. The street became quieter; boarding houses and tailors' shops ceased; here and there appeared a bit of lawn, shrubbery and flowers. By and by he came to himself to find that he was staring at the deep carved lettering in a stone horse block before a large dwelling.

The mild took the letters in one after the other, perceiving them plainly before it accorded them recognition. Finally he had completed the word "Farand." He whirled sharp on his heel, mounted the broad white stone steps and rang the bell.

It was answered almost immediately by a clean shaven, portly and dignified man with the most impressive countenance in the world. This man looked upon Thorpe with lofty disapproval.

"Is Miss Hilda Farand at home?" he asked.

"I cannot say," replied the man. "If you will step to the back door I will ascertain."

"The flowers will do. Now see that the south room is ready, Annie," floated a voice from within.

Without a word, but with a deadly earnestness, Thorpe reached forward, seized the astonished servant by the collar, yanked him bodily outside the door, stepped inside and strode across the hall toward a closed portiere whence had come the voice. The river man's long spikes cut little triangular plevins from the hardwood floor. Thorpe did not notice that. He thrust aside the portiere.

Before him he saw a young and beautiful girl. She was seated, and her lap was filled with flowers. At his sudden apparition her hands flew to her heart, and her lips slightly parted. For a second the two stood looking at each other, just as nearly a year before their eyes had crossed over the old pole trail.

To Thorpe the girl seemed more beautiful than ever. The red of this violent unexpected encounter rushed to her face, her bosom rose and fell in a fluttering catch for breath, but her eyes were steady and luminous.

Then the latter pointed on Thorpe from behind with the intent to do great bodily harm.

"Morris!" commanded Hilda sharply. "What are you doing?"

The man cut short his heroism in confusion.

"You may go," concluded Hilda.

Thorpe stood straight and unflinching by the portiere. After a moment he spoke.

"I have come to tell you that you were right and I was wrong," said he steadily. "You told me there could be nothing better than love. In the pride of my strength I told you this was not so. I was wrong."

He stood for another instant looking directly at her, then turned sharply and, head erect, walked from the room. Before he had reached the outer door the girl was at his side.

"Why are you going?" she asked.

"I have nothing more to say."

"Nothing?"

"Nothing at all."

She laughed happily to herself.

"But I have—much. I'm back."

They returned to the little morning room. Thorpe's called boots gonged out the little triangular furrows in the hardwood floor. Neither noticed that.

"What are you going to do now?" she catechized, facing him in the middle of the room. A long tangle of her beautiful corn silk hair fell across her eyes; her red lips parted in a faint, wistful smile; beneath the slender lines of her figure leaned toward him.

"I am going back," he replied patiently.

"I knew you would come," said she. "I have been expecting you. Oh, Harry!" she breathed, with a sudden flash of insight, "you are a man born to be much misunderstood."

He held himself rigid, but in his veins was creeping a molten fire, and the fire was beginning to glow dully in his eyes. Her whole being called him.

And still she stood there before him, saying nothing, leaning slightly toward him, her red lips half parted, her eyes fixed almost wistfully on his face.

"Go away!" he whispered hoarsely at last. The voice was not his own. "Go away! Go away!"

Suddenly she swayed to him.

"Oh, Harry, Harry," she whispered. "Must I tell you? Don't you see?"

The flood broke through him. He seized her hungrily. He crushed her to

him until she gasped; he pressed his lips against hers until she all but cried out with pain of it; he ran his great brown hands blindly through her hair until it came down about them both in a cloud of spun light.

"Tell me!" he whispered. "Tell me!"

"Oh, oh!" she cried. "Hear! What last?"

"I do not believe it," he murmured savagely.

She drew herself from him with gentle dignity.

"I am not worthy to say it," she said solemnly. "But I love you with all my heart and soul."

Then for the first and only time in his life Thorpe fell to weeping, while she, understanding, stood by and comforted him.

The few moments of Thorpe's tears caused the emotional strain under which perhaps unconsciously he had been laboring for nearly a year past. The tenderness of his nerves relaxed. He savored deliberately the joy of a luxurious couch, rich hangings, polished floor, subdued light, warmed atmosphere. He watched with soul deep gratitude the soft girlish curves of Hilda's body, the pulse of her flower head, the pliant, half wistful, half childish set of her red lips, the clear starlike glimmer of her dusky eyes. It was all new to him.

FOUND VIOLATIONS ONLY IN PADUCAH

State Factory Inspector Makes Report on His Visit.

Says Paducah Was the Only City in Which Children Worked Illegally.

HE SWORE OUT NO WARRANTS

Louisville, Ky., August 8.—Thomas J. Scally, state inspector under the child labor law, has returned to Louisville after visiting a dozen cities and towns in the southwestern part of the state. He found that the child labor law was being violated in only one city, Paducah.

The inspector's tour included Elizabethtown, Paducah, Beaver Dam, Hartford, Central City, and other towns in southwestern Kentucky.

It is probable that indictments against violators of the law will result from his trip to Paducah.

County Judge Lightfoot was seen this morning and asked about Inspector Scally's visit to Paducah and his report that it was the only city where the law was being violated. Judge Lightfoot stated that he did not see Inspector Scally and did not know anything about his work here. Regarding the issuing of permits to children Judge Lightfoot stated:

"I issue permits to children where there is no dangerous machinery, when mothers or fathers are ill and depend on them for support or where their mother has no other support, and only in such cases do I issue a permit for a child to work in a factory. If any children are working in factories without permits, then the employers are violating the law. So far as I am aware, no such conditions exist. If Inspector Scally found children working in factories illegally, he had but to come to me and I would gladly have aided him in bringing the operators to justice."

Scally spent more than a week here and not once during his visit did he report to Judge Lightfoot or anyone else that the law was being violated, and if he found it was he failed to do his own duty by not swearing out warrants.

CENTURIES OLD

The disease which has brought more suffering, degradation and disgrace upon the human race is the same to-day that it was centuries ago. It is called Contagious Blood Poison, "The Bad Disease," and is given other names, but among all nations is regarded as the blackest and vilest of all human diseases. It goes from bad to worse; the little sores that first appear are soon followed by others; the glands of the

groins swell and inflame, a red eruption breaks out on the body, the mouth and throat become ulcerated, the hair and eyebrows drop out, and ugly yellow blotches make their appearance, and if the disease is not checked at this stage, every bone, muscle, tissue and nerve in the body becomes infected with the poison, and from the roots of the hair to the soles of the feet there is not a sound spot anywhere. To cure this awful contagion the blood must first be purified, and nothing will do this so quickly and surely as S. S. S., which has been known for years as an antidote for the poisonous virus of Contagious Blood Poison. Mercury and potash may check it for a time, but it comes back in a still more aggravated form. S. S. S. is guaranteed purely vegetable, and \$1.00 is offered for proof that it contains a mineral ingredient. BISHOP POTTER'S VIEW OF DRINK EVIL

Poor Man Must Have Substitute
for Grog Shop.

He Thinks the Distinction of Classes
Responsible for Much Degradation
Among the Masses.

NEWS FROM LOCAL CHURCHES

Bishop Potter's recent action in New York of giving his sanction and good wishes to the "model saloon," has aroused a storm of protest all over country. Many have approved of his stand and many others have violently disapproved of it.

The bishop, however, in order to make his position clear, is out in a statement as follows:

"There is a drink evil, and you and I must not ignore it. There is a task for Christian man to perform, and you and I must not shrink it. I have publicly stated that I never dreamed of regarding the present saloon as a blessing or a necessity, but what have you to take the place of the saloons? You can not suppress a necessary evil without furnishing a substitute."

Concerning the prohibition laws, he has this to say:

"You do not need to have me tell you that it is a widespread discontent which threatens our whole social structure. Wealth is unequally distributed, we are told, and the sophistries that are born of envy and hatred are hawked about the streets to influence the passions of the less clever or thrifty or industrious against those who are more so. At such a moment, and under such conditions, our prohibitory laws, whether we put them in operation on one day only or on all days, are as stupid as they are ineffectual. Under a system of government which boasts that it knows no privileged classes, we cater to them at every corner and the club, the hotel, the fashionable restaurant furnish for a dollar what the wearer of the flannel jacket, with his 5 or 10 cents, can not even venture to ask for. And yet this is a system which we defend in the name of our Puritan forefathers and our primitive traditions.

"You will gather from all this how superficial, how utterly inhuman, inconsiderate and unreasonable I regard a great deal of that doubtless often well intended zeal which seeks to make men and women virtuous and temperate by a law of indiscriminate repression. If I am sent here of God for nothing else, I am sent here to tell you that, and to entreat you to discern that most of our methods for dealing with the drink evil in our day and generation are tainted with falsehood, dishonored by essential unreality and discredited by widespread and consistent failure."

Rev. W. E. Cave and son, Mr. Henry Cave, arrived home Saturday evening from Dawson, where Dr. Cave has been recently for his health. Dr. Cave will not assume charge of his pulpit at the First Presbyterian church for a few weeks, but he then hopes to be strong enough to do so.

He has been at Crab Orchard Springs the most of the summer, going to Dawson only a short while ago.

Prof. Pinkerton, of Lexington, occupied the pulpit of the First Christian church yesterday, in the absence of the pastor, Rev. W. H. Pinkerton, who is taking his vacation at Ghent, Ky. Prof. Pinkerton is a brother of Rev. Mr. Pinkerton. He delivered two excellent addresses.

Rev. M. M. Benton, of Louisville, archdeacon for the Episcopal diocese of Kentucky, preached to good congregations at Grace Episcopal church Sunday morning and evening.

Rev. Fred P. Hale, president of the Southwestern Baptist university at Jackson, Tenn., and one of the brightest divines of the Southern Baptist church, preached Sunday morning and evening at the First Baptist church, filling the pulpit in the absence of the pastor, Rev. G. W. Perryman, who is on his vacation. Large congregations heard him.

There were no services at the First Presbyterian church yesterday. Rev. M. B. Porter, of Orescent, Ill., near Louisville, who has been occupying the pulpit for the month of July, returning home. Mr. Porter made a fine impression here.

LOCATES THE LEAD

HOW THE ICE MAN WAS CAUGHT
UP WITH BY HIS BOSS.

A local ice dealer tells a good story about how he recently played a star role as Sherlock Holmes, and unraveled the mystery of what kept the ice man out so long.

He has one driver who was a pretty energetic fellow at first. He seemed to have a thriving business, but presently complaints began coming in about his getting around late. The increase in business did not indicate that he was kept longer by having more customers, so the boss man himself, who knows a thing or two, decided his man had simply become acquainted, and went out to investigate.

He followed the route taken by the wagon and in places would find puddles of water where the ice had melted. The longer the wagon remained in one place the larger the puddles. He found quite a number of them, and he knew at once that at some house

close by the ice man had a sweetheart. The boss was still not satisfied, for he wanted to find out how many and satisfy his curiosity, so he kept going.

Finally he came across the wagon itself. Underneath it there was almost a small lake. It had obviously been there for some time and the boss proceeded to look for the driver. Of course there was a woman at the bottom of it, and the boss found his driver talking to her. He didn't discharge him, for he wanted to keep him so he would tell the other boys to beware. The ice man has become a better assistant and there are now no complaints from his customers, and no puddles of melted ice in front of their houses.

—Mr. H. C. Bronough has recovered sufficiently to leave for St. Louis, where he takes charge of the Winchester Arms company's display in the Manufacturers' building after he attends a gun club shoot at Leitchfield, Ill., Tuesday and Wednesday. He invites his friends to call on him while at the exposition.

WAS AT CAPE MAY

WHEN JUDGE MUIR WAS
DROWNED—MR. DILDAY
NOW IN THE EAST.

The Louisville Times of Saturday contains a picture of Mr. N. J. Dilday, formerly of Paducah, in bathing costume, and says: The above picture shows Mr. N. J. Dilday on the beach at Cape May. Mr. Dilday is a prominent insurance man and formerly lived in Louisville. His headquarters are Indianapolis and his territory the world. He was at Cape May on the day of Judge Muir's tragic death. Fifteen minutes before the accident Mr. Dilday's son Ralph took a picture on the beach and Judge Muir was to have been in the group, but he did not want for it.

"Mr. Dilday was formerly a newspaper man and the Times is indebted to him for valuable service in getting information regarding the sad death of Judge Muir. Mr. Dilday showed that he had not forgotten his news gathering experience in Paducah."

GETS GOOD JOB

ATTORNEY MORTON K. YONTS
APPOINTED ASYLUM AT
TORNEY.

Attorney Morton K. Yonts, until a few months ago of Paducah, and a partner of County Judge Lightfoot, has been appointed attorney for the Central Asylum for the Insane by State Auditor Hager. The attorney gets 25 per cent. of all sums collected for the asylum in suits for maintenance of persons confined there who have estates, and the position is said to be a lucrative one.

—The intention box, stolen from the Catholic church Thursday, was found broken open and robbed of its contents under the South Sixth street bridge Saturday evening by some children playing there. The box was near the church entrance and the bronze cross was broken off and taken away, probably under the misapprehension that it was of gold. The box does not usually contain money.

OFFICIAL BULLETIN

ANNOUNCES THE REMOVAL OF
DISPATCHERS OFFICE.

Yesterday the official bulletin announcing the transfer of the local trainmaster, dispatching and yard offices of the Illinois Central was posted.

The trains to register out of the office were specified and no delays or confusion has resulted from the removal. The yardmaster is located down stairs and the trainmaster and dispatchers upstairs. The arrangement of the office is better than at the old offices and much more convenient to every one.

The Democratic congressional campaign will be actively inaugurated this week by Chairman Cowherd, of the national congressional committee.
